

NO RESERVATIONS TO THE TREATY WILL BE THE DEMOCRATIC PLATFORM

WILSON PUTS STOP TO ESPOUSAL OF MILD RESERVATION SCHEME BY DEMOCRATIC SENATORS

ADVANCES NEW REASONS AGAINST

By L. C. MARTIN
(United Press Correspondent)

WASHINGTON, D. C., Aug. 16.—All efforts of the Democrats to agree with the Republicans were abandoned today as a result of a few words from President Wilson. The President in a talk with Hitchcock intimated that even a discussion of amendments by Democrats was distasteful to him. He made it plain that those who were advocating mild reservations within the Democratic party were not in accord with his wishes.

As a result of the new developments Hitchcock will begin early in the week a drive against the acceptance of any amendments in any form whatsoever. While it is generally felt that there is not the slightest possibility of any amendments passing the President has said that the matter of amendments must not be considered for a moment.

The President told Senator Hitchcock whom he summoned to the White House, that the adoption of any kind of amendment would cause the United States to go to Germany "hat in hand" to get acceptance of the alterations. If this should become necessary, the President intimated that he would refuse to be a party to the negotiations and would send Senators Henry Cabot Lodge and Philander Knox to Berlin to negotiate the new treaty.

The view of the President is that if the senate amends the treaty Germany will take advantage of the changes to bargain for greater leniency in the conditions imposed upon her by the treaty now existing. The Germans would undoubtedly use the American changes for "trading purposes," the President said, and thereby force the United States into an embarrassing position. He told Senator Hitchcock that he would decline to accept responsibility for the consequences of such a situation and would shift the burden to the senators equally responsible for the adoption of the amendments.

Senator Hitchcock announced after his interview that early next week he will address the Senate to point out the danger that will confront the United States as the President views them, in the event that the treaty should be amended. Entire confidence is expressed by Senator Hitchcock that when the President's views are explained there will be no further talk of amending the treaty or of adopting reservations.

President Wilson allowed it to be known that he is thoroughly alarmed over the situation as indicated in recent reports that at least two of the textual amendments to be proposed appear certain of adoption. These are the amendments by Senator Norris to award Shantung to China rather than to Japan and the one by Senator Johnson of California, to give the United States equal representation with the British Empire in the League of Nations.

It has been authoritatively stated by Senators opposed to the treaty that there are enough votes to adopt both of these amendments.

The Presidents directed Senator Hitchcock to pay particular attention to these amendments in the arguments he will present against any and all amendments. Senator Hitchcock is expected to give reasons why neither amendment should be adopted.

GONE WHERE THE WOODBINE TWINETH

There was a colored ball pulled off down in the Fourth Ward last evening and the "Darktown Five Hundred" from all the neighboring communities were present in colorful numbers. One of the male guests from Woodland came in to the party "dressed up to the nines." In fact his sartorial embellishments were so conspicuous they talked right out. He was a real "lady killer" at the party and also had many friends among the local male guests present. One of the latter invited the visitor from Woodland to tarry with him at his boarding house following the break up of the party. The Woodlandite accepted and the two occupied the same bed.

The local man apparently was unable to sleep and getting up sometime after his guest succumbed to the charms of old Morpheus, silently fitted himself into the other fellow's "scenery" and promptly hid himself hence.

The guest snored on alone until the morning sun shone in on him when he awoke and bounced out of bed. He two lots in Houtzdale; consideration, failed to find his glad rags where he \$2800.

had left them and the most diligent search revealed them still among the missing.

You should have heard that wail from Woodland. Dawgone but that fellow was hot. But it was no use. After venting his anger in words the guest sadly arrayed himself in the castoffs left by his absent host and departed for Woodland, a sadder, madder but much wiser individual than when he landed in the village last night.

ENGINEERS HOLD UP HOUTZDALE TO MADERA HIGHWAY

HARRISBURG, August 15.—The State Highway department today announced that on September 2d bids will be opened for the construction of forty-seven and one-fifth miles of new highway in various counties of the State. With this mileage included, the State Highway department since the beginning of the administration of Governor William C. Sproul, has advertised for the construction of 707.49 miles of thoroughfare. This is a record never equaled by any other State in the Union. Up to this time the State Highway Department has awarded contracts for the construction of 550 miles of highway.

The construction for which bids are asked September 2d is planned for twenty counties of Pennsylvania. There are just two pieces in the lot which concern Clearfield county people. They are 12,355 feet of bitulithic or concrete road on Route No. 57 in Bush township, Centre county, just outside of Osceola borough, and 10,822 feet of re-inforced concrete road in Bell township on Route No. 62. This piece will connect Mahaffey and McJee's Mills and will be constructed by the County of Clearfield according to the plan decided upon several weeks ago by the County Commissioners following their conference with State Highway Commissioner Sadler, and as announced at a meeting of the Clearfield County Good Roads Association.

The County Commissioners decided at the same time upon the construction of two miles of road leading from Osceola to Houtzdale and one mile from Madera to Houtzdale. Both these pieces have been surveyed and will be advertised just as soon as the engineers can check their measurements and get their plans and specifications in order.

The Progress scribe interviewed the County Commissioners Friday morning upon receipt of the information contained in the Harrisburg dispatch penning this article.

The County Commissioners also said they were advised by the Highway Department officials that this hecking up should be completed within the next ten days and the bids for construction advertised for very shortly after that time.

The Brady and Sandy township pieces of road for which the recent bids were rejected will no doubt also be re-advertised by that time.

POPULAR FOURTH WARD COUPLE MARRIED

Chester L. Cowder and Miss Mary Janow, a popular Fourth Ward couple, were united in marriage at the Eleventh Street Methodist Episcopal parsonage by Rev. John C. Collins this morning. Following the ceremony the bride party repaired to the house of the bride's parents, Mr. and Mrs. H. H. Ganoe on Dorey street, where an elegant wedding breakfast was enjoyed.

The happy couple departed on the 8 o'clock Pennsylvania train for a wedding tour which will embrace Philadelphia, Atlantic City, Lancaster and other eastern cities.

NOT SURE ABOUT EARLY CLOSING NEXT WEEK

During the past two weeks nobody knows in Clearfield just when to go shopping or where to go. There has been so much discussion about early closing hours and afterwards off that the average fellow feels that there ought to be a calendar published daily giving the opening and closing time of the business places.

Yesterday there was published a page advertisement setting forth the statement that the Clearfield merchants would close at five P. M. on all days except Saturday when it would be 9 P. M. No sooner was the ink dry on the sheet than a number of merchants called The Progress on the phone demanding the name of the person who caused the advertisement to be inserted and said that they had not given their authorization. On investigation it appeared that the intent of the merchants who are behind the early closing movement was to make an exception in the case of drug stores and grocery stores, it not being the usual case of drug stores to close up shop any place in the evening and as for the grocery stores they did not indicate their willingness to join the movement. Then again it appeared that not all of the merchants had been advised of the plan outlined and this the committee explains by saying that one of the members of the committee who was to have seen the men on his beat did not perform his duty. Still another cloud which darkens the prospect of earlier closing hours was the inference that an agreement had been reached, and that the closing hour should go into effect on Monday. Today it is stated that there is as yet no agreement.

The situation today is so muddled that the advertisement of yesterday is recalled and a new one substituted. The merchants who approve the early closing idea are putting the matter before the public and the business men of Clearfield in another light today. Meanwhile it is not known whether the stores will be closed early on Monday evening or not. Some say that the majority of them will be while others say that sufficient time should elapse to give out of town people notice of any changes in the schedule.

ATTEMPT TO ROB
B. & S. PAY TRAIN

A Buffalo and Susquehanna pay train, leaving DuBois yesterday morning, carrying \$55,000 in currency from a DuBois bank to the mines at Sagamore, was derailed near McCarrick between Juneau and Plumville with the evident purpose of robbing the pay car.

Fortunately the wreck was not successful, for while the engine and the two cars of the train left the tracks they were not carried over the bank into the creek as had been the evident design of the perpetrators. The flat plates had been removed from the rails, the spikes pulled out, and the rails headed toward the river. The train, when it left the rails, stopped just on the bank, before taking the plunge into the river. Following the wreck, two men were seen to get into an automobile but they were too far away to be apprehended.

The only casualty was that of Terry Dolby, fireman on DuBois, who was however only slightly injured, and was able to continue the trip, returning to DuBois last evening. Herbert Dungey, of DuBois, was in charge of the pay car.

The money was taken on to Sagamore, and detectives at once placed on the job, but no trace was found of the train wreckers last night.

SUGAR AND FOOD SPECULATORS ARE FEELING STRONG ARM OF THE LAW

From every section of the country today there are reports of vigorous activity on the part of Federal agents against food hoarders and profiteers. Notably among the important actions are those following:

At Detroit eggs and butter valued at \$442,762 alleged to have been hoarded since April 1st, were seized by Federal agents. The produce was stored in the warehouses of the Detroit Refrigerating Company and two well known Chicago concerns, the Fox River Butter Company and the L. H. Brown Company of Chicago are said to be the owners.

At Chicago the arrest of officials of one of the largest sugar shipping concerns in the country is momentarily expected, said Assistant District Attorney Raoy. The concern is charged with selling sugar at \$13 per hundred pounds for which they paid only \$5.35 before sugar increased in price.

Officials of the Department of Justice at Washington plan today to investigate the contents of ever warehouse in the country where stocks in excess of twenty per cent. above that held two years ago is shown. Exact data and information has been gathered by various bureaus and the Department has asked for these figures.

John F. Campbell and John E. Bunker, officials of the John F. Campbell Company of Chicago were arrested here today for violation of the food control act. It is alleged that the sugar dealers have exempted an undue profit in selling at \$13 per hundred sugar which they bought and held at \$8.82.

A libel to permit the seizure of 75,000 pounds of beans stored in the warehouse of a Kansas City wholesaler will be issued today by the U. S. District Attorney as the first local move towards federal control of prices. The case here is said to be all the more serious from the fact that the beans were held in storage during the war and at a time when food was scarce.

GREATEST SALE IN HISTORY MONDAY

WASHINGTON, D. C., Aug. 16.—"The largest direct sale to the American people ever attempted," is scheduled to begin Monday morning, with an offering of bargains to the American housewife that will bring back to her mind visions of the good old days when she could fill her market basket for a dollar or two.

The sale will be conducted by Uncle Sam and the goods he will dispose of will consist of the many tons of food accumulated to supply the army, but which is no longer needed now that the war is ended and the army demobilized. The goods will be sold at prices "materially lower" than those prevailing in the commercial market, and the food is described as being in excellent condition. All of the commodities were Government inspected and prepared in accordance with army specifications.

A considerable quantity of the food stock has been contracted for by communities throughout the country, which in turn will be sold under auspices direct to the public at prices calculated to put a crimp in old H. C. L. temporarily at least. Sales to individual purchasers will be made by the War Department through parcel post. Postmasters everywhere have been supplied with the necessary order blanks, price lists, etc., and the orders will be filled as long as the stock holds out. The sales will be made in case or carton lots only, and purchasers must bear the cost of delivery by parcel post from the storage points where the food is now held. These points include New York, Boston, Baltimore, Atlanta, Chicago, St. Louis, New Orleans, Newport News, Omaha, Fort Sam Houston, El Paso, and San Francisco.

The understanding is that the regular zone rates for parcel post will apply from these points in determining the cost to purchasers by the parcel post system.

The number of cans available for sale in each community range from 22,030,235 of the No. 3 cans of tomato to 1025 cans No. 10 size of pumpkin. The largest amounts otherwise are 15,000,000 No. 1 cans and 19,000,000 No. 2 cans of corned beef, 12,000,000 each of the one and two-pound cans of roast beef, 11,000,000 each of the one and two-pound cans of corned beef hash, 13,000,000 cans No. 3 size baked beans, 18,000,000 No. 2 cans of corn, 10,000,000 pounds of crated bacon and 6,000,000 pounds of bacon in 12-pound tins.

Constable Thos. B. Reilly arrested the Snyderers at Blue Ball this afternoon. They will be given a hearing before U. S. Commissioner O'Laughlin at his office here in Clearfield on Monday and Judge Bell will likely hear the petition for revocation of the license on Monday.

Attracted by the steady stream of thirsties to the "life-saving station," Constable W. A. Kline "joined the gang"—officially only—and procured a bottle of the non-headache producer. Armed with his evidence the constable came to town this morning and notified the District Attorney. Then things began to happen. Mr. Arnold had the constable make information against Snyder and his son William Jennings Bryan Snyder, bar tender, before Squire Chorpennig for violation of the Brooks License Law.

The District Attorney also got in communication with U. S. District Attorney Crawford at Pittsburgh and secured permission or authority to prosecute the Snyderers for violation of the War Time Prohibition Act before U. S. Commissioner O'Laughlin, and then to demonstrate that it "never rains but it pours" the District Attorney presented a petition to Judge Bell asking that Snyder's Clearfield County license for the Blue Ball hotel be revoked.

BLUEBALL HOTEL MAN IN WRONG ON "DRY" LAW

There has been a great deal of speculation among the "liquor boys" since July 1st as to whether or not it would be possible for a fellow to open up and sell 2.75 per cent. beer and escape punishment under the War Time Prohibition act by having the Supreme Courts decide the stuff non-intoxicating.

It was also alleged that prosecution for violation of the liquor law could not be maintained in a local or county court for such offense, but that any action against the seller would have to be brot in United States court by the U. S. District Attorney.

The whole matter is going to be threshed out now and it remained for Jacob Snyder, proprietor of the Blue Ball hotel, to cast the die and make the Decatur township metropolis the first oasis in Clearfield county's desert of more than 30 days' standing.

Proprietor Snyder loaded up with a cargo of the Schreiber Brewing Company's "Manru" beer and this week opened the doors of his bar and threw down the gauntlet to District Attorney John Arnold.

Attracted by the steady stream of thirsties to the "life-saving station," Constable W. A. Kline "joined the gang"—officially only—and procured a bottle of the non-headache producer. Armed with his evidence the constable came to town this morning and notified the District Attorney. Then things began to happen. REGISTRATION SHOWS REPUBLICANS TO HAVE MAJORITY IN THE COUNTY

The party registration figures for 1919 certainly do not promise comfort for our Democratic brethren. The totals for the county outside of DuBois city, where final registration will not be completed until August 28th, show that there are 9040 Republicans; 6105 Democrats; 585 Socialists; 585 Prohibitionists registered while a total of 1133 voters refused to select a party and consequently will not participate in the September primary. Last year's party registration showed 816 Republicans and 366 Democrats in the city of DuBois and if the same relative difference maintains this year, and it is only reasonable to suppose such will be the case, the Republican total will be increased to the extent of that difference.

From these figures the Republican party may well lay claim to the title "majority party" because the Republicans have a majority over the combined totals of all the other parties, including those voters who failed to express a party preference.

Is the Learning Power of
Your Child Slowing up Be-
cause of Faulty Vision?

Perhaps a pair of well-fitted glasses will help him perceptibly in his school work. Let Arnold find this out for you by a careful examination of the eyes. If glasses are not needed I will be frank in telling you so. If the vision of your eyes is failing have them tended to at once.

COURT NOTES

Judge Bell today appointed John Burchill Judge of Election for Beccaria Precinct of Beccaria township.

Attorney W. I. Swoope filed a divorce petition for Mrs. Alice Palmer who seeks a divorce from William Palmer. The Palmer's were married Dec. 25, 1915, and the husband deserted June 5, 1916.

Susie Mike, by her attorney James A. Gwason, filed a bill in equity against the city of DuBois and The Farris Engineering Company and was granted an injunction restraining the defendants from excavating upon her premises on North Brady street, DuBois, for the abutment for a new bridge now being constructed for the city by the Farris Company. The rule is returnable August 18th and work on the improvement will be halted until that time.

WILL DELIVER FOODSTUFFS

Acting Postmaster Gulich is making the necessary arrangements for the delivery of all surplus army foods bought by the thrifty housewife thru the postoffice. This will add a real burden to the parcels post department, which is allowed but a fixed sum, and that a mighty small one for a town our size, for parcel post delivery. However the goods are to be delivered and the local postoffice will find a way to do that.

CAMP MEETING

Itney and train service to the Old Fashioned Camp Meeting at Mineral Springs park for Sunday. Trains leave 8:35 A. M., 2 P. M. Milligan's itney will leave Court House 10 A. M. and 2 P. M.

Ford cars are important servants everywhere. They help the family enjoy life, bring the pleasures and advantages of the town within reach of the farmer and give practical service every day in country and town. They require a minimum of attention; any one can run the Ford and care for it, but it is better to have repairs and replacements taken care of by those who are familiar with the work and have the tools, the genuine materials, and skilled men to do the work promptly. We pledge Ford owners the reliable Ford service with real Ford parts and standard Ford prices.

Re-Finishing Cars Is Our Strong Forte

The new re-finishing department that we have installed—away out of the dust and dirt of the ordinary garage—is growing and growing every day. Car owners who thought that their “jobs” were not worth re-finishing have been very agreeably surprised when they found the comparatively small cost of the operation would make their cars look so good.

We can do the same thing for your car.

Why We Welcome Small Accounts

Many people believe that a bank does not want small accounts.

In such accounts, however, the profits are mutual.

The bank that encourages small accounts often sees them grow into large ones.

The possession of a bank account inspires the depositor to saving habits and teaches him to be business-like.

We are glad to serve the small depositor, believing his connection with the bank will benefit both him and ourselves.

CLEARFIELD MERCHANTS WE APPEAL TO YOU

**We're Going To Be Frank With You
Will You Be The Same With Us**

We want you to do every dollar's worth of business that can be done during business hours. We do ask this, however, that you make these business hours such that we can have a little more enjoyment out of life; that we may have a little more time for recreation from our hours of sleep. We feel that with these shorter hours of work we can do our work better; that Clearfield will be a better place to trade in as well as live in.

WHAT WE ASK IS THIS---

That you close your stores at FIVE O'CLOCK EVERY BUSINESS DAY EXCEPT SATURDAY WHEN THE STORES ARE TO BE CLOSED AT 9 P. M. We also ask that this go into effect Monday, August 18th. This is not an unreasonable request. It has been done in other cities. It can be done in Clearfield.

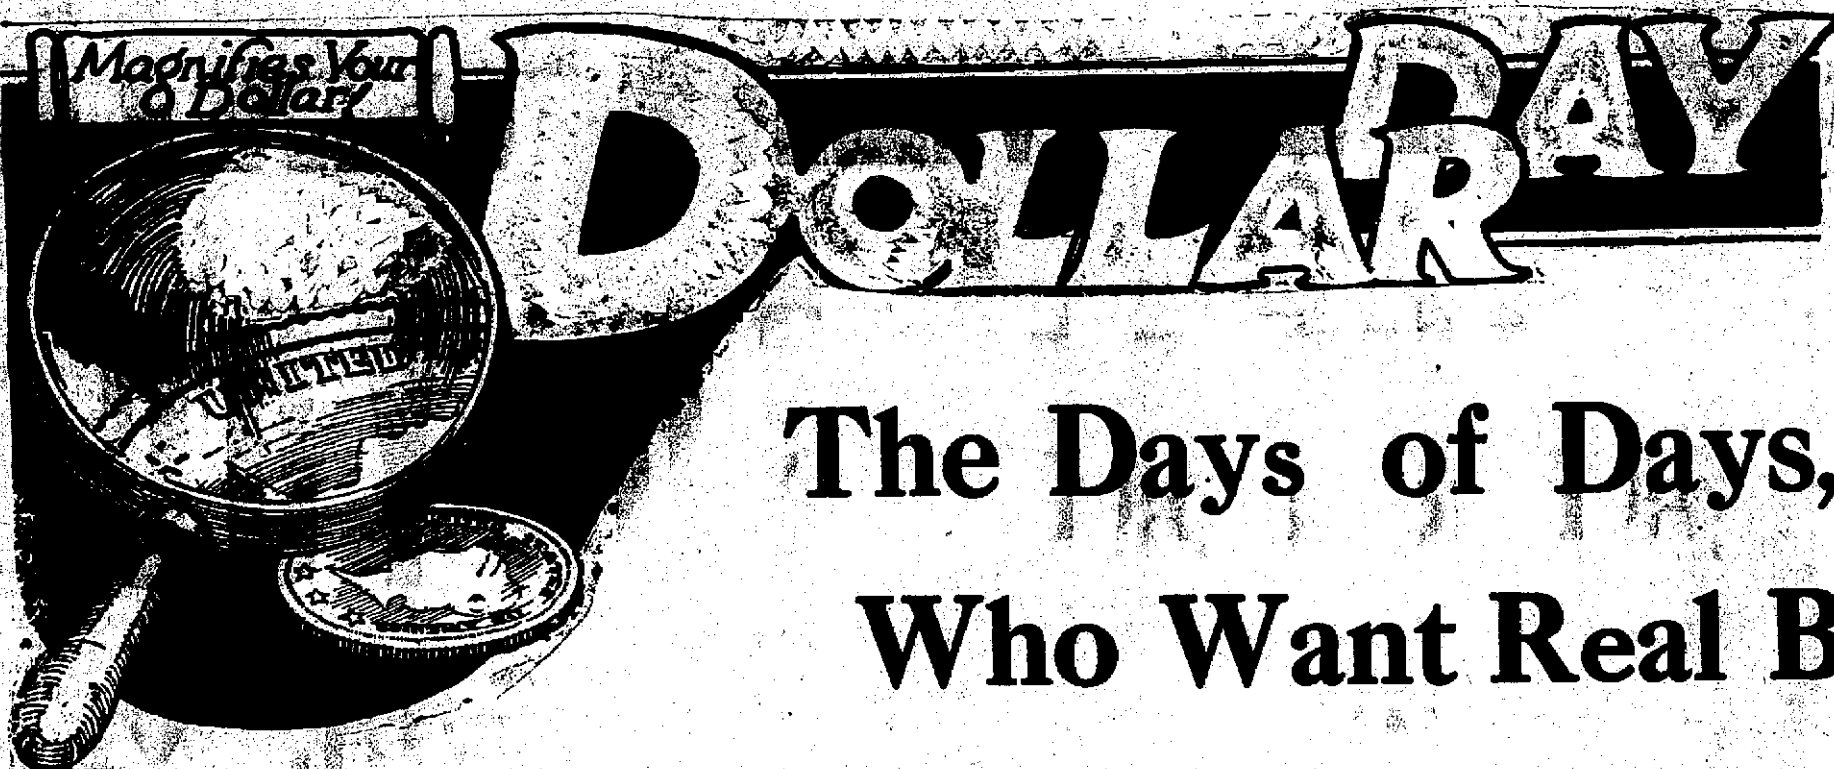

Merchants in other cities the size of Clearfield have done this voluntarily without being asked. They have done as much, if not more, business after these hours were put into effect as they did at the time when they opened their stores at 7 in the morning and stayed open until 10 and 11 every night.

Clearfield Retail Clerk's Union

**We Have Made The Request---Will You Answer On The
Coupon Below? A Member of the Clerk's Organiza-
tion Will Call On You Monday Morning For
the Coupon.**

I will _____ accede to your request to close my store
at 5 o'clock business days excepting Saturday night when
I will close at 9 P. M.

**The Days of Days, For Folks
Who Want Real Bargains**

Friday, August 22nd, 1919.

WITH the cost of living higher today than at any other time since the Civil War, this day of real bargains will be hailed with delight by every woman who has been wondering how she would make a dollar do the work that fifty cents used to do.

The merchants who are participating will give you prices that will materially aid you in tiding over the situation. The offerings are real savings, not on today's market prices, but have been figured on the price that was paid for the merchandise at the time of buying. Every participant will have offerings that will carry with them the real spirit of thrift. Every store will be filled with lower priced merchandise that will enable you to make the savings worth while.

NEWS OF OUR NEIGHBORS CURWENSVILLE

Born to Mr. and Mrs. W. L. Work, DuBois, Tuesday, August 12, a girl baby.

Mrs. Irene Sterling and son J. Karl, Jr., visited with Mrs. Roy Daugherty several days this week.

We are glad to state that Harry Smith, who was operated upon several days ago, is fast improving and expects to be able to be about in a few days.

Mrs. L. J. LaPorte and son Ray left this noon over the B. & P. for Olean, N. Y., where they go to visit Mrs. B. A. Shearer, a daughter of Mrs. LaPorte.

Last night, about dusk, some fellow ran his auto from the alley down over the High School grounds and when reaching the front of the building turned the machine toward the street and bumped down over the terrace, and across the walk to the street.

A pick-up team of old time ball tossers went to Bloomington Thursday evening and had a game with the boys up in that village. The Curwensville aggregation lost their score card on the way home but admit that they suffered defeat by a score of 11 to 9.

The Republicans of Curwensville borough met in caucus Friday evening for the purpose of nominating candidates for the borough. The meeting was called to order by Borough Chairman Mullen, nominated Leotus Strickland as chairman, who accepted the chair and called for the election of a temporary secretary, when L. J. LaPorte was chosen to act in that capacity. The first thing in order was the nomination of school director—two to be elected—and the names of A. G. Woodward, Harry Gates and Dillon Wall were suggested and on motion nominated. The nominations for the First Ward candidates being in order two names were placed in nomination for Council, C. S. Russell and F. F. Tate. For the office of Assessor, Elmer Bloom and Jack Leech were named. No one was placed in nomination for the office of Constable. C. A. Rorabaugh was named for Judge of Election and J. C. Gates for Inspector of Election. This ended the nominations for First Ward. The Second Ward residents then proceeded to place a ticket in the field by endorsing for Council, Leotus Strickland; Constable, P. E. Smith; Assessor, Chas. Coulbroth; Judge of Election, Harry Shirk; Inspector, Oliver Strunk. These nominations are not a bar to any citizen who wants to contest, and can do so by simply securing a petition signed by a certain number of voters of his ward.

GRAMPIAN

Mrs. Phoebe Wagner Wendon, of Akron, Ohio, is visiting friends and relatives in this place.

Dora Helper, principal of the borough schools, is very ill at the Clearfield hospital.

Misses Edyth and Evelyn Underwood, of Clearfield, Pa., are spending a few days with A. C. Wood and family.

Miss Daisy Wood was called home on account of the illness of her mother, Dora Helper Wood.

Mrs. E. J. Wall of Harrisburg is visiting relatives here at present.

Bernard Quigley and Carl Olson are visiting relatives and friends in this section.

A New Arrival

Thousands of homes are waiting to welcome the new white National MAZDA lamps—the most important development since the very first MAZDA lamp came to show the way to better light.

The new lamp is of high efficiency, gas-filled construction with a tipless bulb of white glass which conceals the filament and softens and diffuses the light. Made only in 50 watt size and obtainable five in the blue Convenience Carton for \$3.25 or singly at 65 cents.

See the new lamps lighted—they are in our window now. Get these new lamps today for every room in your house.

Heat ALL Your House THROUGH ONE REGISTER

Yes, it's just as possible in your home as it has been in fifty thousand others. You, too, may have every room comfortable with balmy healthful heat, reaching every corner by Nature's method of circulation—and all through only one register! It isn't necessary to clutter up your house with pipes, overheat your cellar and incur big bills—now when you can get the

It can be set up in a day, without inconvenience to you, and will make your home so comfortable in the severest winter weather you will be well repaid.

Your house will be uniformly warm; your cellar will be just right for the storage of fruits and vegetables. Your fuel bill will be less than with stoves that heat only a part of your house.

HERE ARE THE REASONS

The Caloric is the Original Patented Pipeless Furnace—the result of the study of competent engineers to solve the heating problem in the most satisfactory way. That they have succeeded is proved by the fact that the number of Caloric furnaces on an absolute guarantee of satisfaction is three times greater than any other pipeless furnace.

Come In And See Us

We will show you what these principles are, and you will then see what Caloric quality means, why it always succeeds and why imitation cannot accomplish the same results. Then you will be in no danger of buying an inferior article, with all its disappointment in later months. Get a copy of the book "Progress," which tells the story about pipeless heating. If you can't come in, write for it.

NO RESERVATIONS TO THE TREATY WILL BE THE DEMOCRATIC PLATFORM

WILSON PUTS STOP TO ESPOUSAL OF MILD RESERVATION SCHEME BY DEMOCRATIC SENATORS

ADVANCES NEW REASONS AGAINST

By L. C. MARTIN
(United Press Correspondent)

WASHINGTON, D. C., Aug. 16.—All efforts of the Democrats to agree with the Republicans were abandoned today as a result of a few words from President Wilson. The President in a talk with Hitchcock intimated that even a discussion of amendments by Democrats was distasteful to him. He made it plain that those who were advocating mild reservations within the Democratic party were not in accord with his wishes.

As a result of the new developments Hitchcock will begin early in the week a drive against the acceptance of any amendments in any form whatsoever. While it is generally felt that there is not the slightest possibility of any amendments passing the President has said that the matter of amendments must not be considered for a moment.

The President told Senator Hitchcock whom he summoned to the White House, that the adoption of any kind of amendment would cause the United States to go to Germany "hat in hand" to get acceptance of the alterations. If this should become necessary, the President intimated that he would refuse to be a party to the negotiations and would send Senators Henry Cabot Lodge and Philander Knox to Berlin to negotiate the new treaty.

The view of the President is that if the senate amends the treaty Germany will take advantage of the changes to bargain for greater leniency in the conditions imposed upon her by the treaty now existing. The Germans would undoubtedly use the American changes for "trading purposes," the President said, and thereby force the United States into an embarrassing position. He told Senator Hitchcock that he would decline to accept responsibility for the consequences of such a situation and would shift the burden to the senators equally responsible for the adoption of the amendments.

Senator Hitchcock announced after his interview that early next week he will address the Senate to point out the danger that will confront the United States as the President views them, in the event that the treaty should be amended. Entire confidence is expressed by Senator Hitchcock that when the President's views are explained there will be no further talk of amending the treaty or of adopting reservations.

President Wilson allowed it to be known that he is thoroughly alarmed over the situation as indicated in recent reports that at least two of the textual amendments to be proposed appear certain of adoption. These are the amendments by Senator Norris to award Shantung to China rather than to Japan and the one by Senator Johnson of California, to give the United States equal representation with the British Empire in the League of Nations.

It has been authoritatively stated by Senators opposed to the treaty that there are enough votes to adopt both of these amendments.

The Presidents directed Senator Hitchcock to pay particular attention to these amendments in the arguments he will present against any and all amendments. Senator Hitchcock is expected to give reasons why neither amendment should be adopted.

GONE WHERE THE WOODBINE TWINETH

There was a colored ball pulled off down in the Fourth Ward last evening and the "Darktown Five Hundred" from all the neighboring communities were present in colorful numbers. One of the male guests from Woodland came in to the party "dressed up to the nines." In fact his sartorial embellishments were so conspicuous they talked right out. He was a real "lady killer" at the party and also had many friends among the local male guests present. One of the latter invited the visitor from Woodland to tarry with him at his boarding house following the break up of the party. The Woodlandite accepted and the two occupied the same bed.

The local man apparently was unable to sleep and getting up sometime after his guest succumbed to the charms of old Morpheus, silently fitted himself into the other fellow's "scenery" and promptly hid himself hence.

The guest snored on alone until the morning sun shone in on him when he awoke and bounced out of bed. He two lots in Houtzdale; consideration, failed to find his glad rags where he \$2800.

had left them and the most diligent search revealed them still among the missing.

You should have heard that wail from Woodland. Dawgone but that fellow was hot. But it was no use. After venting his anger in words the guest sadly arrayed himself in the castoffs left by his absent host and departed for Woodland, a sadder, madder but much wiser individual than when he landed in the village last night.

ENGINEERS HOLD UP HOUTZDALE TO MADERA HIGHWAY

HARRISBURG, August 15.—The State Highway department today announced that on September 2d bids will be opened for the construction of forty-seven and one-fifth miles of new highway in various counties of the State. With this mileage included, the State Highway department since the beginning of the administration of Governor William C. Sproul, has advertised for the construction of 707.49 miles of thoroughfare. This is a record never equaled by any other State in the Union. Up to this time the State Highway Department has awarded contracts for the construction of 550 miles of highway.

The construction for which bids are asked September 2d is planned for twenty counties of Pennsylvania. There are just two pieces in the lot which concern Clearfield county people. They are 12,355 feet of bitulithic or concrete road on Route No. 57 in Bush township, Centre county, just outside of Osceola borough, and 10,822 feet of re-inforced concrete road in Bell township on Route No. 62. This piece will connect Mahaffey and McJee's Mills and will be constructed by the County of Clearfield according to the plan decided upon several weeks ago by the County Commissioners following their conference with State Highway Commissioner Sadler, and as announced at a meeting of the Clearfield County Good Roads Association.

The County Commissioners decided at the same time upon the construction of two miles of road leading from Osceola to Houtzdale and one mile from Madera to Houtzdale. Both these pieces have been surveyed and will be advertised just as soon as the engineers can check their measurements and get their plans and specifications in order.

The Progress scribe interviewed the County Commissioners Friday morning upon receipt of the information contained in the Harrisburg dispatch penning this article.

The County Commissioners also said they were advised by the Highway Department officials that this hecking up should be completed within the next ten days and the bids for construction advertised for very shortly after that time.

The Brady and Sandy township pieces of road for which the recent bids were rejected will no doubt also be re-advertised by that time.

POPULAR FOURTH WARD COUPLE MARRIED

Chester L. Cowder and Miss Mary Janus, a popular Fourth Ward couple, were united in marriage at the Eleventh Street Methodist Episcopal parsonage by Rev. John C. Collins this morning. Following the ceremony the bride party repaired to the house of the bride's parents, Mr. and Mrs. H. H. Ganoe on Dorey street, where an elegant wedding breakfast was enjoyed.

The happy couple departed on the 8 o'clock Pennsylvania train for a wedding tour which will embrace Philadelphia, Atlantic City, Lancaster and other eastern cities.

NOT SURE ABOUT EARLY CLOSING NEXT WEEK

During the past two weeks nobody knows in Clearfield just when to go shopping or where to go. There has been so much discussion about early closing hours and afterwards off that the average fellow feels that there ought to be a calendar published daily giving the opening and closing time of the business places.

Yesterday there was published a page advertisement setting forth the statement that the Clearfield merchants would close at five P. M. on all days except Saturday when it would be 9 P. M. No sooner was the ink dry on the sheet than a number of merchants called The Progress on the phone demanding the name of the person who caused the advertisement to be inserted and said that they had not given their authorization. On investigation it appeared that the intent of the merchants who are behind the early closing movement was to make an exception in the case of drug stores and grocery stores, it not being the usual case of drug stores to close up shop any place in the evening and as for the grocery stores they did not indicate their willingness to join the movement. Then again it appeared that not all of the merchants had been advised of the plan outlined and this the committee explains by saying that one of the members of the committee who was to have seen the men on his beat did not perform his duty. Still another cloud which darkens the prospect of earlier closing hours was the inference that an agreement had been reached, and that the closing hour should go into effect on Monday. Today it is stated that there is as yet no agreement.

The situation today is so muddled that the advertisement of yesterday is recalled and a new one substituted. The merchants who approve the early closing idea are putting the matter before the public and the business men of Clearfield in another light today. Meanwhile it is not known whether the stores will be closed early on Monday evening or not. Some say that the majority of them will be while others say that sufficient time should elapse to give out of town people notice of any changes in the schedule.

ATTEMPT TO ROB
B. & S. PAY TRAIN

A Buffalo and Susquehanna pay train, leaving DuBois yesterday morning, carrying \$55,000 in currency from a DuBois bank to the mines at Sagamore, was derailed near McCarrick, between Juneau and Plumville with the evident purpose of robbing the pay car.

Fortunately the wreck was not successful, for while the engine and the two cars of the train left the tracks they were not carried over the bank into the creek as had been the evident design of the perpetrators. The flat plates had been removed from the rails, the spikes pulled out, and the rails headed toward the river. The train, when it left the rails, stopped just on the bank, before taking the plunge into the river. Following the wreck, two men were seen to get into an automobile but they were too far away to be apprehended.

The only casualty was that of Terry Dolby, fireman on DuBois, who was however only slightly injured, and was able to continue the trip, returning to DuBois last evening. Herbert Dungey, of DuBois, was in charge of the pay car.

The money was taken on to Sagamore, and detectives at once placed on the job, but no trace was found of the train wreckers last night.

PUNXSUTAWNEY, Pa. THE GREATEST SALE IN HISTORY MONDAY

WASHINGTON, D. C., Aug. 16.—"The largest direct sale to the American people ever attempted," is scheduled to begin Monday morning, with an offering of bargains to the American housewife that will bring back to her mind visions of the good old days when she could fill her market basket for a dollar or two.

The sale will be conducted by Uncle Sam and the goods he will dispose of will consist of the many tons of food accumulated to supply the army, but which is no longer needed now that the war is ended and the army demobilized. The goods will be sold at prices "materially lower" than those prevailing in the commercial market, and the food is described as being in excellent condition. All of the commodities were Government inspected and prepared in accordance with army specifications.

A considerable quantity of the food stock has been contracted for by communities throughout the country, which in turn will be sold under auspices direct to the public at prices calculated to put a crimp in old H. C. L. temporarily at least. Sales to individual purchasers will be made by the War Department through the parcel post. Postmasters everywhere have been supplied with the necessary order blanks, price lists, etc., and the orders will be filled as long as the stock holds out. The sales will be made in case or carton lots only, and purchasers must bear the cost of delivery by parcel post from the storage points where the food is now held. These points include New York, Boston, Baltimore, Atlanta, Chicago, St. Louis, New Orleans, Newport News, Omaha, Fort Sam Houston, El Paso, and San Francisco. The understanding is that the regular zone rates for parcel post will apply from these points in determining the cost to purchasers by the parcel post system.

The number of cans available for sale in each community range from 22,030,235 of the No. 3 cans of tomato to 1025 cans No. 10 size of pumpkin. The largest amounts otherwise are 15,000,000 No. 1 cans and 19,000,000 No. 2 cans of corned beef, 12,000,000 each of the one and two-pound cans of roast beef, 11,000,000 each of the one and two-pound cans of corned beef hash, 13,000,000 cans No. 3 size baked beans, 18,000,000 No. 2 cans of corn, 10,000,000 pounds of crated bacon and 6,000,000 pounds of bacon in 12-pound tins.

SUGAR AND FOOD SPECULATORS ARE FEELING STRONG ARM OF THE LAW

From every section of the country today there are reports of vigorous activity on the part of Federal agents against food hoarders and profiteers. Notably among the important actions are those following:

At Detroit eggs and butter valued at \$442,762 alleged to have been hoarded since April 1st, were seized by Federal agents. The produce was stored in the warehouses of the Detroit Refrigerating Company and two well known Chicago concerns, the Fox River Butter Company and the L. H. Brown Company of Chicago are said to be the owners.

At Chicago the arrest of officials of one of the largest sugar shipping concerns in the country is momentarily expected, said Assistant District Attorney Raoy. The concern is charged with selling sugar at \$13 per hundred pounds for which they paid only \$5.35 before sugar increased in price.

Officials of the Department of Justice at Washington plan today to investigate the contents of ever warehouse in the country where stocks in excess of twenty per cent. above that held two years ago is shown. Exact data and information has been gathered by various bureaus and the Department has asked for these figures.

John F. Campbell and John E. Bunker, officials of the John F. Campbell Company of Chicago were arrested here today for violation of the food control act. It is alleged that the sugar dealers have exempted an undue profit in selling at \$13 per hundred sugar which they bought and held at \$8.82.

A libel to permit the seizure of 75,000 pounds of beans stored in the warehouse of a Kansas City wholesaler will be issued today by the U. S. District Attorney as the first local move towards federal control of prices. The case here is said to be all the more serious from the fact that the beans were held in storage during the war and at a time when food was scarce.

C., Aug. 16.—"The largest direct sale to the American people ever attempted," is scheduled to begin Monday morning, with an offering of bargains to the American housewife that will bring back to her mind visions of the good old days when she could fill her market basket for a dollar or two.

The sale will be conducted by Uncle Sam and the goods he will dispose of will consist of the many tons of food accumulated to supply the army, but which is no longer needed now that the war is ended and the army demobilized. The goods will be sold at prices "materially lower" than those prevailing in the commercial market, and the food is described as being in excellent condition. All of the commodities were Government inspected and prepared in accordance with army specifications.

A considerable quantity of the food stock has been contracted for by communities throughout the country, which in turn will be sold under auspices direct to the public at prices calculated to put a crimp in old H. C. L. temporarily at least. Sales to individual purchasers will be made by the War Department through the parcel post. Postmasters everywhere have been supplied with the necessary order blanks, price lists, etc., and the orders will be filled as long as the stock holds out. The sales will be made in case or carton lots only, and purchasers must bear the cost of delivery by parcel post from the storage points where the food is now held. These points include New York, Boston, Baltimore, Atlanta, Chicago, St. Louis, New Orleans, Newport News, Omaha, Fort Sam Houston, El Paso, and San Francisco. The understanding is that the regular zone rates for parcel post will apply from these points in determining the cost to purchasers by the parcel post system.

The number of cans available for sale in each community range from 22,030,235 of the No. 3 cans of tomato to 1025 cans No. 10 size of pumpkin. The largest amounts otherwise are 15,000,000 No. 1 cans and 19,000,000 No. 2 cans of corned beef, 12,000,000 each of the one and two-pound cans of roast beef, 11,000,000 each of the one and two-pound cans of corned beef hash, 13,000,000 cans No. 3 size baked beans, 18,000,000 No. 2 cans of corn, 10,000,000 pounds of crated bacon and 6,000,000 pounds of bacon in 12-pound tins.

REGISTRATION SHOWS REPUBLICANS TO HAVE MAJORITY IN THE COUNTY

The party registration figures for 1919 certainly do not promise comfort for our Democratic brethren. The totals for the county outside of DuBois city, where final registration will not be completed until August 28th, show that there are 9040 Republicans; 6105 Democrats; 585 Socialists; 585 Prohibitionists registered while a total of 1133 voters refused to select a party and consequently will not participate in the September primary. Last year's party registration showed 816 Republicans and 366 Democrats in the city of DuBois and if the same relative difference maintains this year, and it is only reasonable to suppose such will be the case, the Republican total will be increased to the extent of that difference.

From these figures the Republican party may well lay claim to the title "majority party" because the Republicans have a majority over the combined totals of all the other parties, including those voters who failed to express a party preference.

COURT NOTES

Judge Bell today appointed John
Burchill Judge of Election for Beccar-
ia Precinct of Beccaria township.

Attorney W. I. Swoope filed a di-
vorce petition for Mrs. Alice Palmer
who seeks a divorce from William
Palmer. The Palmer's were married
Dec. 25, 1915, and the husband de-
serted June 5, 1916.

Susie Mike, by her attorney James
A. Gwason, filed a bill in equity
against the city of DuBois and The
Farris Engineering Company and was
granted an injunction restraining the
defendants from excavating upon her
premises on North Brady street, Du-
Bois, for the abutment for a new
bridge now being constructed for the
city by the Farris Company. The
rule is returnable August 18th and
work on the improvement will be
halted until that time.

WILL DELIVER FOODSTUFFS

Acting Postmaster Gulich is making
the necessary arrangements for the
delivery of all surplus army foods
bought by the thrifty housewife thru
the postoffice. This will add a real
burden to the parcels post department,
which is allowed but a fixed sum, and
that a mighty small one for a town
our size, for parcel post delivery.
However the goods are to be delivered
and the local postoffice will find a
way to do that.

CAMP MEETING

Fashioned Camp Meeting at Mineral
Springs park for Sunday. Trains leave

Ford
THE UNIVERSAL CAR

Ford cars are important servants every-
where. They help the family enjoy life,
bring the pleasures and advantages of the
town within reach of the farmer and give
practical service every day in country and
town. They require a minimum of atten-
tion; any one can run the Ford and care
for it, but it is better to have repairs and
replacements taken care of by those who
are familiar with the work and have the
tools, the genuine materials, and skilled
men to do the work promptly. We pledge
Ford owners the reliable Ford service with
real Ford parts and standard Ford prices.

Re-Finishing Cars Is Our Strong Forte

The new re-finishing department that we have installed
—away out of the dust and dirt of the ordinary garage—is
growing and growing every day. Car owners who thought
that their “jobs” were not worth re-finishing have been very
agreeably surprised when they found the comparatively
small cost of the operation would make their cars look so
good.

We can do the same thing for your car.

Why We Welcome Small Accounts

Many people believe that a bank does not want small
accounts.

In such accounts, however, the profits are mutual.

The bank that encourages small accounts often sees
them grow into large ones.

The possession of a bank account inspires the depositor
to saving habits and teaches him to be business-like.

We are glad to serve the small depositor, believing his
connection with the bank will benefit both him and ourselves.

CLEARFIELD MERCHANTS WE APPEAL TO YOU

**We're Going To Be Frank With You
Will You Be The Same With Us**

We want you to do every dollar's worth of business that can be done during business hours. We do ask this, however, that you make these business hours such that we can have a little more enjoyment out of life; that we may have a little more time for recreation from our hours of sleep. We feel that with these shorter hours of work we can do our work better; that Clearfield will be a better place to trade in as well as live in.

WHAT WE ASK IS THIS---

That you close your stores at FIVE O'CLOCK EVERY BUSINESS DAY EXCEPT SATURDAY WHEN THE STORES ARE TO BE CLOSED AT 9 P. M. We also ask that this go into effect Monday, August 18th. This is not an unreasonable request. It has been done in other cities. It can be done in Clearfield.

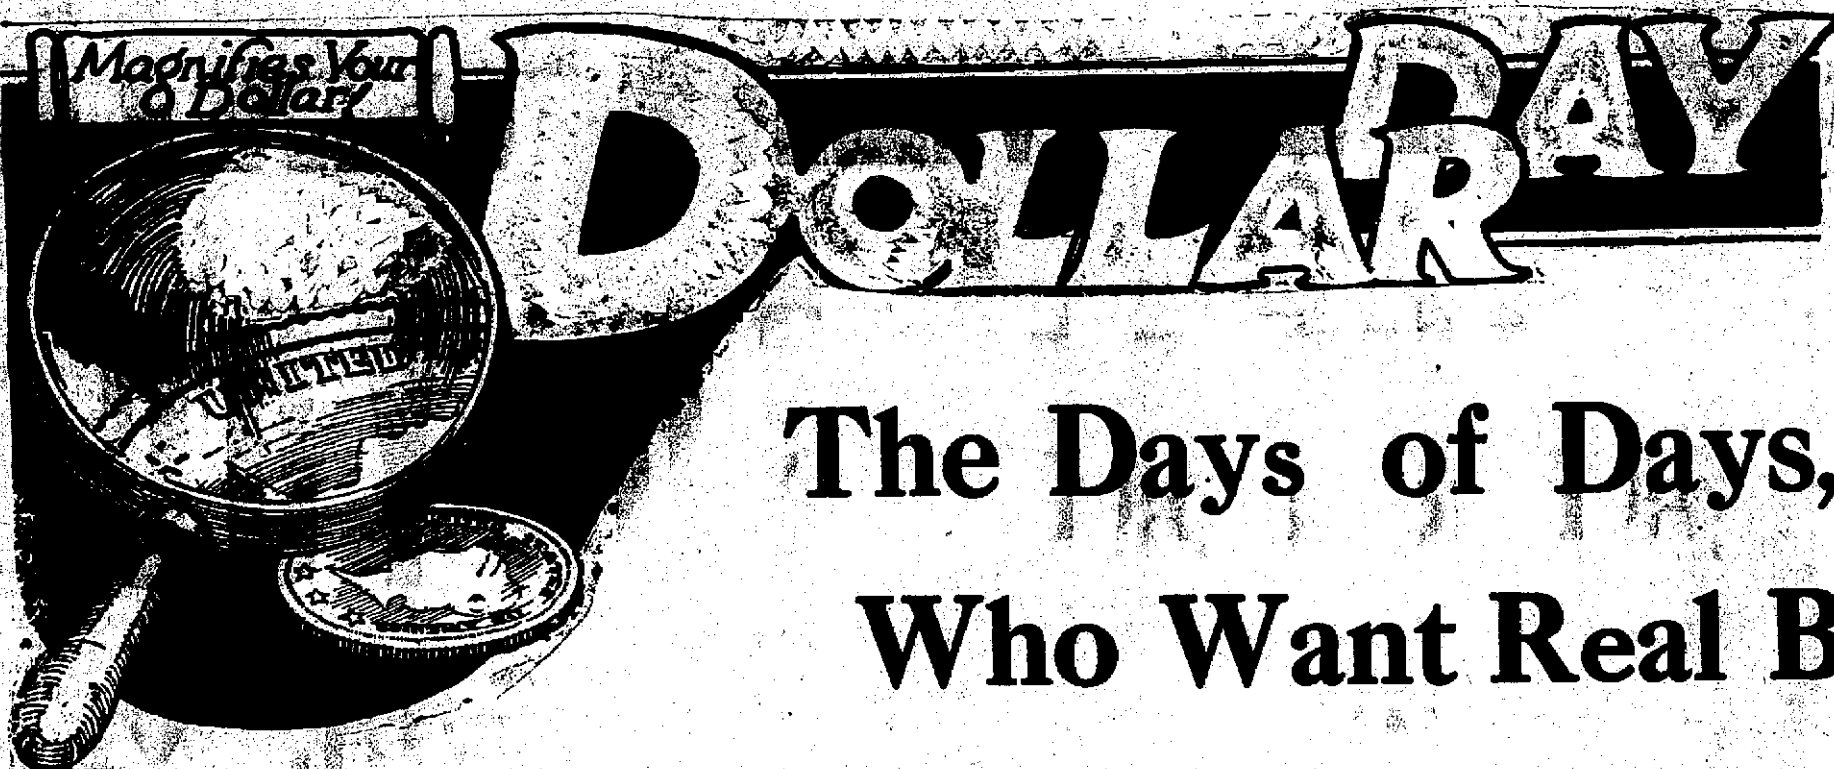

Merchants in other cities the size of Clearfield have done this voluntarily without being asked. They have done as much, if not more, business after these hours were put into effect as they did at the time when they opened their stores at 7 in the morning and stayed open until 10 and 11 every night.

**We Have Made The Request---Will You Answer On The
Coupon Below? A Member of the Clerk's Organiza-
tion Will Call On You Monday Morning For
the Coupon.**

I will _____ accede to your request to close my store
at 5 o'clock business days excepting Saturday night when
I will close at 9 P. M.

**The Days of Days, For Folks
Who Want Real Bargains**

Friday, August 22nd, 1919.

WITH the cost of living higher today than at any other time since the Civil War, this day of real bargains will be hailed with delight by every woman who has been wondering how she would make a dollar do the work that fifty cents used to do.

The merchants who are participating will give you prices that will materially aid you in tiding over the situation. The offerings are real savings, not on today's market prices, but have been figured on the price that was paid for the merchandise at the time of buying. Every participant will have offerings that will carry with them the real spirit of thrift. Every store will be filled with lower priced merchandise that will enable you to make the savings worth while.

NEWS OF OUR NEIGHBORS CURWENSVILLE

Born to Mr. and Mrs. W. L. Work, DuBois, Tuesday, August 12, a girl baby.

Mrs. Irene Sterling and son J. Karl, Jr., visited with Mrs. Roy Daugherty several days this week.

We are glad to state that Harry Smith, who was operated upon several days ago, is fast improving and expects to be able to be about in a few days.

Mrs. L. J. LaPorte and son Ray left this noon over the B. & P. for Olean, N. Y., where they go to visit Mrs. B. A. Shearer, a daughter of Mrs. LaPorte.

Last night, about dusk, some fellow ran his auto from the alley down over the High School grounds and when reaching the front of the building turned the machine toward the street and bumped down over the terrace, and across the walk to the street.

A pick-up team of old time ball tossers went to Bloomingtown Thursday evening and had a game with the boys up in that village. The Curwensville aggregation lost their score card on the way home but admit that they suffered defeat by a score of 11 to 9.

The Republicans of Curwensville borough met in caucus Friday evening for the purpose of nominating candidates for the borough. The meeting was called to order by Borough Chairman Mullen, nominated Leotus Strickland as chairman, who accepted the chair and called for the election of a temporary secretary, when L. J. LaPorte was chosen to act in that capacity. The first thing in order was the nomination of school director—two to be elected—and the names of A. G. Woodward, Harry Gates and Dillon Wall were suggested and on motion nominated. The nominations for the First Ward candidates being in order two names were placed in nomination for Council, C. S. Russell and F. F. Tate. For the office of Assessor, Elmer Bloom and Jack Leech were named. No one was placed in nomination for the office of Constable. C. A. Rorabaugh was named for Judge of Election and J. C. Gates for Inspector of Election. This ended the nominations for First Ward. The Second Ward residents then proceeded to place a ticket in the field by endorsing for Council, Leotus Strickland; Constable, P. E. Smith; Assessor, Chas. Coulbroth; Judge of Election, Harry Shirk; Inspector, Oliver Strunk. These nominations are not a bar to any citizen who wants to contest, and can do so by simply securing a petition signed by a certain number of voters of his ward.

GRAMPIAN

Mrs. Phoebe Wagner Wendon, of Akron, Ohio, is visiting friends and relatives in this place.

The Furniture store Near B. R. & P. Depot

That's the way a lot of folks have come to know about us. Come and see for yourself. We're out of the high rent district and we can naturally sell you better furniture cheaper than if we had excessive rent and the other high overhead charges that go with a store located right in the heart of the business district.

A New Arrival

Thousands of homes are waiting to welcome the new white National MAZDA lamps—the most important development since the very first MAZDA lamp came to show the way to better light.

The new lamp is of high efficiency, gas-filled construction with a tipless bulb of white glass which conceals the filament and softens and diffuses the light. Made only in 50 watt size and obtainable five in the blue Convenience Carton for \$3.25 or singly at 65 cents.

See the new lamps lighted—they are in our window now. Get these new lamps today for every room in your house.

Heat ALL Your House THROUGH ONE REGISTER

Yes, it's just as possible in your home as it has been in fifty thousand others. You, too, may have every room comfortable with balmy healthful heat, reaching every corner by Nature's method of circulation—and all through only one register! It isn't necessary to clutter up your house with pipes, overheat your cellar and incur big bills—now when you can get the

It can be set up in a day, without inconvenience to you, and will make your home so comfortable in the severest winter weather you will be well repaid.

Your house will be uniformly warm; your cellar will be just right for the storage of fruits and vegetables. Your fuel bill will be less than with stoves that heat only a part of your house.

HERE ARE THE REASONS

The Caloric is the Original Patented Pipeless Furnace—the result of the study of competent engineers to solve the heating problem in the most satisfactory way. That they have succeeded is proved by the fact that the number of Caloric furnaces on an absolute guarantee of satisfaction is three times greater than any other pipeless furnace.

The cause of this satisfaction lies in the patented and exclusive principles that distinguish the Caloric from all others. It is not a pipe furnace provided with an extra casing, but a complete revolution in furnace building designed exclusively for pipeless heating.

Come In And See Us

We will show you what these principles are, and you will then see what Caloric quality means, why it always succeeds and why imitation cannot accomplish the same results. Then you will be in no danger of buying an inferior article, with all its disappointment in later months. Get a copy of the book "Progress," which tells the story about pipeless heating. If you can't come in, write for it.

An Important Message From Our Shoe Section In Regard To Our August Clearance Prices.

If we have been harping on the greater-than-usual significance of the prices we have placed on our low shoes for this August Clearance, it is because we have thoroughly understood the real situation for a long time.

Saving opportunities abound and the prices are unusual even in the height of summer, are lower than they will be next season. Purchasing has been brisk and up to expectations; so we suggest that you take special pains to get here tomorrow before the run of sizes is entirely broken.
